

***Response to Amendment***

1. The reply filed on 7-18-08 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The proposed amendments to the claims of 7-18-08 still do not show all the deletions and additions made to the claims last acted on, i.e. existing as of 5-24-07. For example, compare lines 15, and 19 of claim 26, lines 15, 38 and 45 of claim 32 and line 8 of claim 45 filed 7-18-08 to the text of such claims filed 5-24-07. Note also paragraph 2 *infra*. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. It is noted that the marked up substitute specification still does not show all the addition and deletions made to the 5-24-07 entered substitute specification to arrive at the specification filed 7-18-08, i.e. the revised specification appears to show the changes made to the specification as originally filed not that of 5-24-07. It is also noted that the annotations made to the annotated Figures filed 2-2-08 are obscured by highlighting made thereto. However, the remarks of 7-18-08, pages 21-23 appears to textually describe such changes. Also note MPEP 714.02, second to last paragraph. Applicant is thereby requested to provide reference to the specific portion(s) of the originally filed application which provide support in a single embodiment for the combination of each claim commensurate in scope therewith especially in light of the extensive amendments which have been made to claims 26, 28, 32, 39 and 42-45 and

the addition of new claims 49-61 as well as the jumbo specification and large number of species disclosed thereby.
